PULTRU® P764-250
Isophthalic Pultrusion Resin

AOC’s Pultru P764-250 is an unpromoted high reactivity isophthalic polyester resin. Pultru P764-250’s polymer backbone was designed to capture a wide array of desirable properties for both the pultruder and the end user.

APPLICATIONS
Balanced chemistry offers benefits in moisture resistance, stain resistance, and weathering.

FEATURES
• High reactivity isophthalic chemistry
• Ingredients comply with Title 21 CFR, parts 170 to 199 relative to FDA criteria
• Good stain and moisture resistance
• Excellent electrical properties are an added plus

Proven History
Pultru P764-250 has demonstrated years of proven performance in appliance, electrical, construction and food service applications.
